## The History Of Technology High School

In our exploration into the history of Technology High School, we discovered that the construction of the school, built on the former site of the Kearny Homestead, began in December 1911. This school opened September 16, 1913. This school, then known as Newark Normal School, cost \$275,000.

The school has undergone many name changes. First, Newark Normal School, and then NJ State Normal School in Newark, and finally, by 1937, called the NJ Teachers College at Newark. In 1972, the building was renamed to Center For Occupational Education Experimentation and Development (COED).

The academic side of the building was also home to Arts High School during its rebuilding phase. In September of 1996, Technology High School opened its doors.

At Technology High School, we place emphasis on excellence in the areas of academic and technological training.

### Mission Statement

Technology High School is committed to a three-fold mission of providing a college preparatory program for students who desire to further their formal education, work-place readiness experience for students interested in pursuing careers in technology, and a school-to-career program for students who will further their formal education and career concurrently.

# Remembering Ms. Oliver

When I think of Priscilla many wonderful qualities come to mind. I think of brilliance, excellence, and dedication. Priscilla was by far one of the smartest and had a gift of imparting that knowledge to others. She always strived for excellence. She encouraged, motivated and inspired. Her dedication was commendable and spoke for itself.

The students knew she was stern, yet they knew their best interests were at heart. They knew Miss. Oliver would go over and beyond to help them succeed and grasp challenges.

Yes, Priscilla touched and made a difference in numerous lives. She was indeed a gifted and talented educator. She was a stellar teacher, and the fond memories of her will always remain in our hearts.

-Ms. Haygood

# Remembering Mr. Manior

**"Let the Work that I  
have Done Speak For  
Me"**

Mr. Manior was a legend in his own way. A person who spoke softly, but made a big impact on others. Mr. Manior took a great deal of pride in all that he has done; teaching, coaching and being a family man.

We thank him for all of his dedication and support that he has shown me over the years. He was truly an inspiration to me and I will always keep his words of encouragement close to my heart. I believe that he would have these sentiments:

**"Ability will enable a man to go to the top, but it takes good character to keep him there"**

May his warm loving spirit, shine down on us as we continue our journey to keep his legacy going.

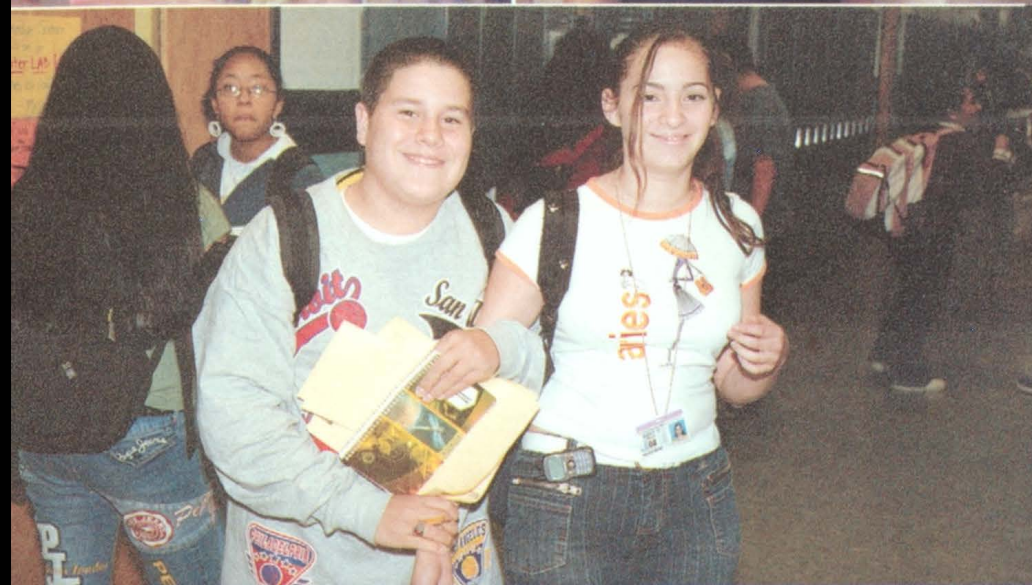

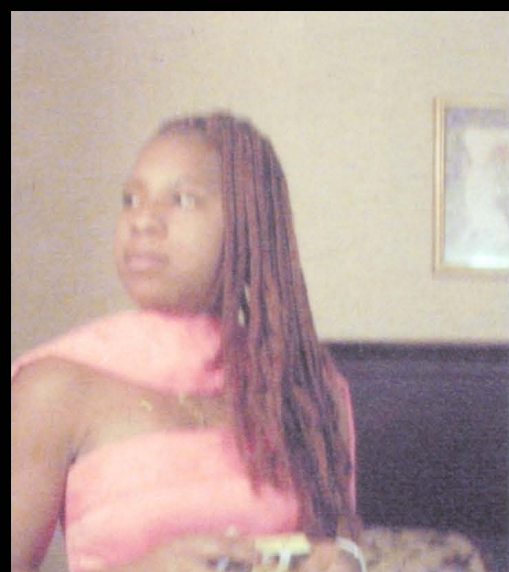

**God Bless You Mr. Manior  
Rest in Peace**

Dear Graduates,  
Congratulations to the Class  
of 2005! It is my sincere wish  
that you never forget the pride  
that you brought to our school,  
to yourself and your family!  
Good luck and may all your  
dreams come true!

Each step you may take

## Congratulations!!!

Why God Made Teachers  
By Kevin William Huff

When God created teachers,  
He gave us special friends  
To help us understand his world  
And truly comprehend  
The beauty and the wonder  
Of everything we see,  
And become a better person  
With each discovery.

When God created teachers,  
He gave us special guides  
To show us ways in which we grow  
So we can all decide  
How to live and what to do  
What's right instead of wrong,  
To lead us so that we can lead  
And learn how to be strong.

Why God created teachers,  
In his wisdom and his grace,  
Was to help us learn to make our world  
A better wiser place.
